JOURNAL OF EQUITY CONFERENCE: EQUITY, CHARITY AND GOVERNANCE

1 APRIL 2022

ABOUT THE CONFERENCE

The governance of charitable organisations is a topic of great importance to contemporary society, given the critical role played by charities in the social, economic and political life of the nation. However, charity governance remains poorly understood and understudied. Equity has been a site for charity governance for hundreds of years, and is a rich repository of insights into this important topic. This conference brings leading thinkers together to explore equity's distinctive contributions to, and perspectives on, charity governance.
